Αθήνα, 12/12/2023

Αριθμ. πρωτ.: 299

Προς τον Δήμο Μοσχάτου Ταύρου
Υπόψη Δημάρχου κ. Ανδρέα Ευθυμίου

Θέμα:

Αίτημα Αιγίδας του 3^{ου} Διεθνούς Διαθηναϊκού Συνεδρίου «Man and his creations, a perpetual metamorphosis/Ο Άνθρωπος και τα Δημιουργήματά του, η Αέναη Μεταμόρφωση»

Αξιότιμε κύριε Δήμαρχε,

Μετά την επιτυχή ολοκλήρωση του 1^{ου} Διεθνούς Διαθηναϊκού Συνεδρίου «Ο Άνθρωπος και τα Δημιουργήματά του» και του 2^{ου} Διεθνούς Διαθηναϊκού Συνεδρίου «Ο Άνθρωπος και τα Δημιουργήματά του, προοιωνίζοντας το μέλλον», υπό την αιγίδα του Δήμου Μοσχάτου Ταύρου, η Πολιτιστική Εταιρεία **ΑΘΗΝΑ καλεί ΑΘΗΝΑ (ΑΚΑ)** επιθυμεί, να εντάξει υπό την αιγίδα του Δήμου Μοσχάτου Ταύρου και το 3^ο Διεθνές Διαθηναϊκό Συνέδριο με τίτλο:

Man and his creations, a perpetual metamorphosis

(Ο Άνθρωπος και τα Δημιουργήματά του, η Αέναη Μεταμόρφωση)

5-6-7 Νοεμβρίου 2024 Αθήνα

“Η μεταμόρφωση συνδέεται με μια βασική περιβαλλοντική έννοια την προοδευτική απώλεια των αλληλεπιδράσεων ανθρώπου – φύσης και την εξαφάνιση της εμπειρίας. Η μικροτεχνολογική επανάσταση από την άλλη οδήγησε τις νεωτεριστικές κοινωνίες σε κρίση μετάβασης. Όπως οι οπισθοδρομικές ή διαλυτικές δυνάμεις έτσι και οι παραγωγικές και δημιουργικές δυνάμεις αφυπνίζονται. Η προσδοκία ξαναγεννιέται μέσα στο πλήθος των πολλαπλών και διάσπαρτων πρωτοβουλιών που μπορούν να τροφοδοτήσουν τους μεταρρυθμιστικούς δρόμους”

Το 3^ο Συνέδριο της **ΑΚΑ** με τον τίτλο «η Αέναη Μεταμόρφωση», αποτελεί τμήμα των πρωτοβουλιών αυτών.

Για την πληρέστερη κατανόηση της προσπάθειας αυτής, σας επισυνάπτουμε το 1^ο κάλεσμα του Συνεδρίου.

Είμαστε στη διάθεσή σας,

Με τιμή
Για την Αθήνα καλεί Αθήνα Ι.Κ.Ε.
Αντώνης Κ. Καλοκαιρινός
Πρώην Αν. Πρύτανης του ΕΚΠΑ

Με τιμή
Για την Αθήνα καλεί Αθήνα Ι.Κ.Ε.
Γιώργος Ψαθάς
Πρόεδρος της ΑΚΑ

ATHENS calls ATHENS
3rd International InterAthenian Conference
Man and his Creations, a Perpetual Metamorphosis
5-6-7 November 2024 Athens, Attica

1st Call for Participants

ATHENS calls ATHENS (AcA) organizes the 3rd International InterAthenian Conference entitled "Man and his Creations, a Perpetual Metamorphosis".

Conceptual approach:

"...The word 'metamorphosis' comes from the ancient Greek word 'metamorphoō,' meaning 'to change one's form,' and in the passive voice, it means 'to undergo a change' or 'a change in form.'"

In its general sense it is connected with the concept of the universal evolutionary process where everything changes. The human species has passed the caterpillar stage, it has matured culturally within the cocoon. This cocoon has been broken and man must fly as a free creative entity".

What is "ATHENS calls ATHENS"

ATHENS calls ATHENS (AcA) is a cultural initiative aiming to create ties and synergies between the cities bearing the name 'Athens' on a global scale, as well as between universities and their institutions at a social, cultural, and research level.

With this initiative, AcA intends to contribute to the creation of an Interdisciplinary Network, which will be joined by companies, institutions and organizations that have the same vision.

To whom it is addressed to:

To Professors, Researchers, Students, and in general, the academic community, entrepreneurs, professionals, and any other interested parties.

Objective of the Conference

The aim of the conference is to explore the future in human development through interdisciplinary research conducted by distinguished scientists in the field. This interdisciplinary conference's scope includes an examination of the evolution of modern humanity in relation to the following six issues:

1. His conscience
2. His biological, emotional and spiritual development
3. His social nature
4. His perception of time and place
5. His Environmental management
6. His well-being

The conference will have a duration of three days, each of which will include lectures on the above issues, pursuing the interdisciplinary approach at the individual-collective level, but also in an international context. Indicatively, the six main issues will include topics such as:

His conscience

- The conflict between individual and collective consciousness
- Consciousness and the journey of humanity towards transformation
- The virtual and real world of Man (Metaverse – Virtual Reality – Theory of Simulation)
- Diversity and inclusion

His biological, emotional and spiritual development

- Developments in robotics
- The industry of science and new materials
- The interaction between individuals and AI - perceptual-cognitive abilities
- Mental Health
- The ethical dimension of biotechnology and the creation of artificial organs
- Biophysics – Hygiophysics, Biomechanics and Technological Evolution

His social nature

- The role of gender, race, nationality in the transformation of society
- The surplus value of labor in the online global economy
- Workerism, Politics and the Future of Democracy in the West
- Cyber security, digital transformation, digital skills
- The voluntary provision of personal data and preferences
- The effect of low birth rate of Western societies, work, immigration, and integration

The perception of time and place

- The age of longevity
- The role of creative imagination in the formation of the new reality
- Speed, format, AI & technologies, new means of transport

His Environmental management

- Policies and strategies for sustainable development in the economy, tourism and culture, as well as the challenges of implementing reforms in the modern world, encompassing financial and environmental literacy.
- War & Peace - Energy Transition
- The Global Geoeconomic and Geopolitical transformation
- Environment - Society - Governance - ESG (Environmental, Social and Governance) criteria, Sustainable Development
- The exploitation of Space

His well-being

- The future of Man online mobility, digital nomads, post-communication, post-man, post-society, new ethics, post-politics, post-law, new wealth and the elite of tomorrow.
- Role of Arts in Metasociety
- Durability, cyber resilience
- Crisis Management and dealing with change
- Foresight and strategic planning
- Future state-business relationship
- The future of political parties as institutions
- The new role of the State in global transformation
- The deciphering of human DNA and the prospects for treating diseases
- Intangible capital, digital money and new productivity
- Ideology vs knowledge and information

The questions and conclusions of the Conference will be recorded and posted on the website of ATHENS calls ATHENS (AcA).

Conference Speakers

Conference speakers may be Academics, Researchers, Entrepreneurs and Professionals working on issues related to the scope of the Conference.

The papers submitted will be assessed by a scientific committee and will be published in the Book of Abstracts of the Conference with an ISBN.

Sponsors - Supporters

Academic institutions, businesses, banking institutions, government services, organizations, and individuals who share the vision of ACA and wish to support this initiative.
